MAURITIAN
STANDARD
MS 46—1989

Specification for

School chalks (white and coloured)

PREVIEW

Mauritius Standards Bureau

Price: Rs 16.00

FOREWORD

This Mauritian Standard was drawn up by the Chemical Standards Committee through its subcommittee on school chalks and approved by the Standards Council on 2 February 1989. It was notified in the Government Gazette on 25 March 1989 as General Notice No. 300 of 1989.

In preparing this Standard reference was made to the following:

1 BS 3060 ... Specification for school chalks

2 IS 2694 ... Specification for school chalks, moulded, white

3 IS 4222 ... Specification for coloured chalks, moulded

4 SABS 99 ... Specification for white chalks

5 SS 192 ... Specification for school chalks

Acknowledgement is made for the use of information from the above publications.

SPECIFICATION FOR SCHOOL CHALKS (WHITE AND COLOURED)

1 SCOPE

This Mauritian Standard specifies requirements for school chalks, both white and coloured intended primarily for writing on blackboards.

2 DEFINITIONS

For the purpose of this standard the following definitions apply.

2.1 *Defective:* A chalk, white or coloured, which is either broken or that fails in one or more respects to comply with the requirements of this standard.

2.2 *Lot:* Not less than 100 chalks of the same type packed in containers or boxes bearing the same batch identification from one manufacturer.
